Why choose nuababy cloth nappies?

Baby's health Breathable, super-absorbent, soft, and natural. No harmful chemicals or materials.

Baby's comfort No pins, velcro, or sweat-inducing plastics.

Convenient Complete, easy-to-use solution. Machine washable, fast drying, durable nappies. Dual-purpose liners/wipes.

Affordable Huge savings. May be used for more than one child.

Safe and secure nuababy's unique adjustable double-gusset drawstring and overlapping soaker set retains moisture and prevents messy leaks.

Cute Come in a range of attractive, unisex colours.

Why are disposable nappies harmful?

Research has linked chemicals and plastic used in disposable nappies with some skin irritations, respiratory problems, hormonal irregularities, liver, kidney and central nervous system damage, as well as testicular cancer and rising infertility in males.

One child will need approximately 8,000 disposable nappies by the age of three, producing 1.5 tonnes of waste. This takes 500+ years to decompose.

Nappy shell nuababy nappies have a unique double-gusset and drawstring solution that allows you to adjust leg and waist sizing separately, giving a snug fit that 'grows' with your baby.

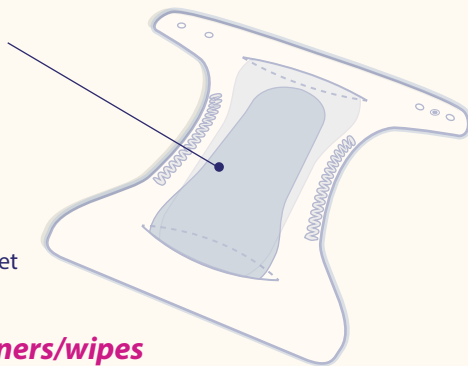

One-size-fits-all

Fully adjustable leg and waist sizing

Soakers that 'grow' with your baby

This unique overlapping soaker set** snaps onto nappy shell and gives extra padding exactly where it's needed. The soft 'stay-dry' top layer keeps baby feeling dry and comfortable.

Booster/trainer pads

These super-absorbent pads may be placed inside nappy pocket (under soaker pad) for nighttime, travel, or heavy wetters; OR snapped on top of pocket for toddlers as a training soaker.

Biodegradable dual-purpose nappy liners/wipes

These 100% silky-soft corn fibre liners come in convenient pull-packs and are an exact fit for the nappy – no need to fold. Place a liner on top of soaker pad to catch solid waste.

nuababy liners double as wipes. Simply spray with water and wipe baby's face, hands, bottom, or anywhere else that needs a touch-up!
